

IFSC Phase 2

Design of all infrastructure over the 12 acre site

Client: Dublin Docklands Development Authority

SUMMARY:

Value: €7 million

Status: Complete

Services Provided:

Design

Tender Documents

Construction

Nicholas O Dwyer were involved in the regeneration of the IFSC Phase 2 from Commons Road to Guild Street along North Wall Quay.

Our role was for the design of all the infrastructure over the 12 acre site including roads, pavements, sewage, power, gas, telecoms and street furniture.

As part of the scope of service we provided full project management and site supervision on the project

Nicholas O'Dwyer
