

NEWTOWNMOUNTKENEDY TOWN CENTRE DEVELOPMENT

Proposed New Town Centre Development

Client: Dwyer Nolan Developments

SUMMARY:

Value: €80 million (estimated)

Architect: SBA Architects

Status: Under Construction

Services Provided:

Planning Submissions

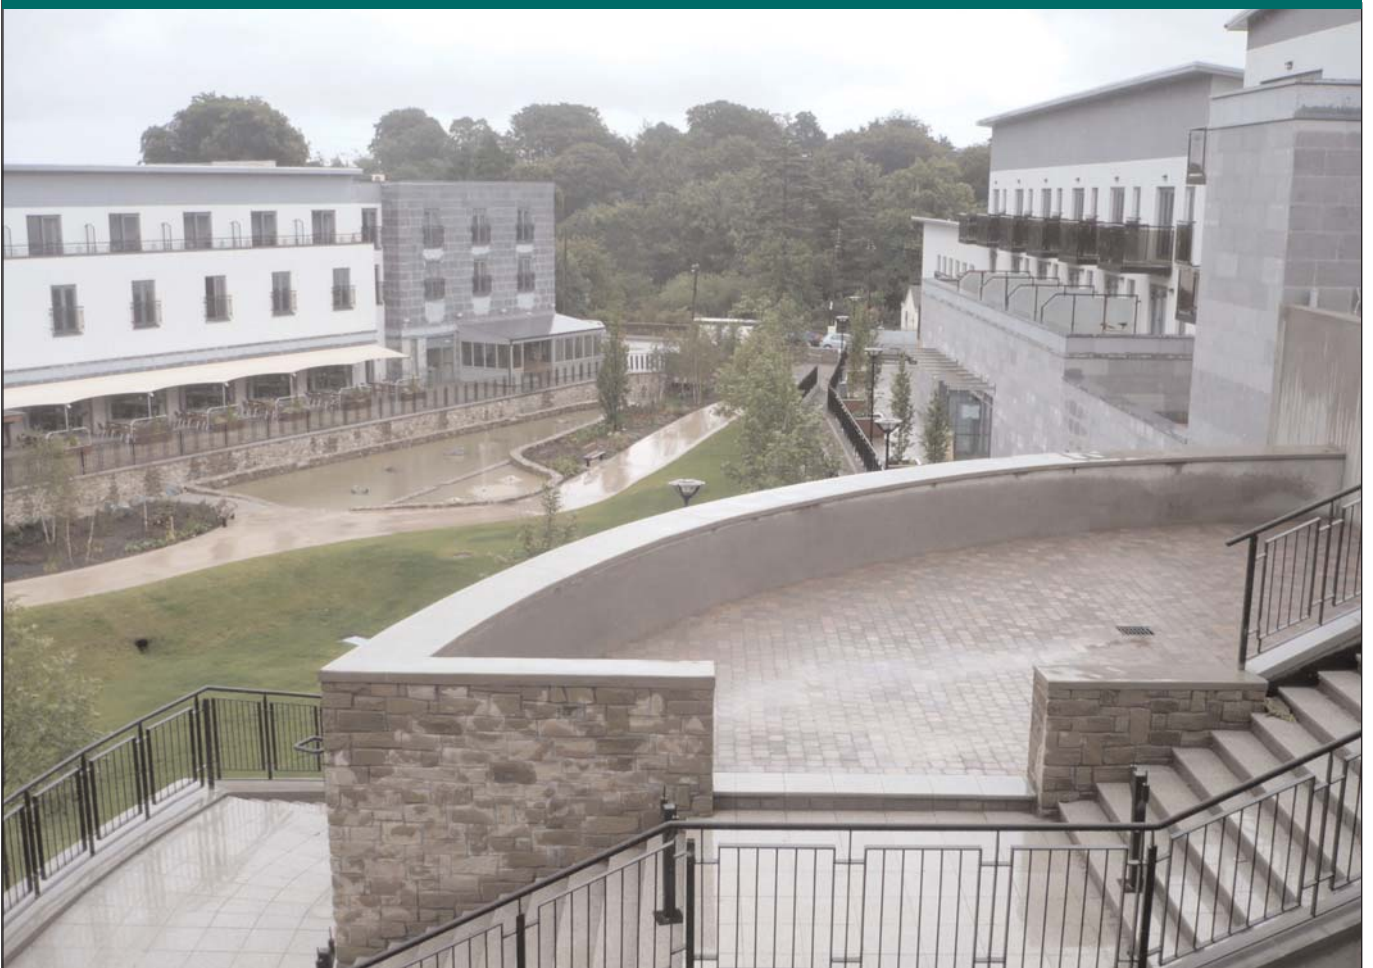

Detailed Design

Tender Documents, Tender Evaluation

The development incorporates Apartments, Duplex units, Shopping Centre, Hotel, Creche, Nursing Home and Community Medical Centre.

The proposed scheme is constructed with reinforced concrete structures below ground and a mixture of load bearing block work and steel and concrete frames to the buildings and apartments.

The scheme also includes alterations to the existing road within the town centre. Nicholas O'Dwyer are responsible for all design aspects in this regard, including liaising with local authorities, utilities diversions, planning submissions, road design and tender documents.
