

SEAN TREACY MEMORIAL SWIMMING POOL

Refurbishment of existing pool and construction of a learners' pool

Client: Tipperary (SR) County Council

SUMMARY:

Value: €1.27 million
Architect: Nicholas O'Dwyer
Status: Complete

Services Provided:
Structural Engineering
Project Management
Quantity Surveying

This project involved the complete refurbishment of the existing pool complex consisting in the main of a steel portal framed building which housed a 25m pool constructed in the early 70's.

The project also included the construction of an extension to the main pool building to enclose a learners' pool. Mechanical and electrical refurbishment was managed by Nicholas O'Dwyer and supervised by a Building Services sub - consultant.

Nicholas O'Dwyer were fully responsible for all aspects of project management, cost management and civil and structural engineering.
